

Course Form for PKU Summer School International 2019

Course Title	Chinese Traditional Body Exercise, Diet and Health Preservation
	中国传统健身、饮食与养生
Teacher	WANG Dongmin
First day of classes	July 1, 2019
Last day of classes	July 25, 2019
Course Credit	2 credits
Course Description	
Objective:	
<p>It is said there are three things interest westerners about china: food, health preservation, and finance. Those students who enroll in the course of Chinese Traditional Body Exercise, Diet and Health preservation will have chance to experience two of the three hot topics and know how the ancient Chinese people maintain their health via simple but effective body exercise and balance diet. The course will not only introduce and practice the most popular body exercises, such as Taiji, Baduanjin, Wuqinxi, but also the most mystery one, which is frequently appeared in the most popular martial arts novels, such as Taiji Tuishou. All the exercises will be demonstrated by Dr. Wang. The course will also apply the foundations of Traditional Chinese Medicine, such as basic conceptions, theories, and principles of Health preservation in TCM and reveal Chinese diet, which sometime play important roles as medicine and why. As one of the complementary common methods of health preservation, the acupuncture, moxibustion, and massage will be introduced as well. The course designer wish finally western undergraduates understand the associations between exercise, diet and health in very Chinese health preservation's way.</p>	
Pre-requisites /Target audience	
<p>No pre-requisites to enroll in this course. All undergraduates might be the Target audience.</p>	
Proceeding of the Course	
<p>The word "PEPPER" stands for the proceeding of the course: professor's Presentation, fitness Evaluation, diet Practice, students' Presentations, Exercise and work outs, and test Reports.</p>	
Assignments (essay or other forms)	
<p>Most of the assignments will be finished in the class, which means the course will not occupied too much of your time. Only four short test reports (one page for each) need to be finished and submitted, and one term paper (8 pages, double-spaced and typed with 12-point font) cooperated with one or two of your teammates should be submit before the last class. The topics of the paper will be announced couple days before the last course.</p>	

Evaluation Details	
Four test reports:40%	
Presentations and attendance:20%	
Term paper:40%	
Text Books and Reading Materials	
There are not too many English books about health preservation in the market could be recommended. And not all the sections have <i>recommended</i> readings materials. Some citations or remarks from ancient books or scholar in Chinese versions will be available too. No book purchase needed. All the texts will be available through PKU library.	
Academic Integrity (If necessary)
