# STUDY AT THE UNIVERSITY OF EXETER

Our International Summer School delivers the complete study abroad experience in just three weeks. It is an opportunity to explore the UK, visit London and study with students from around the world, as well as with some of Exeter's undergraduates. New to 2018, it is now possible to study in both sessions for six weeks and receive 15 ECTS credits.

**Session 1** starts with a 4 day orientation in London, giving you time to get to know your fellow students and then travel to the university to begin your classes. Session 1 also provides the opportunity to study at our unique Penryn Campus in Cornwall, providing a specialised environment for the courses.

**Session 2** gives you the opportunity to get to know your fellow students on campus and, after the classes have finished, enjoy a celebratory trip to London with your classmates.

Outside of class, you will be able to experience all aspects of British culture and visit some truly unique places.
