## Voices from past participants

### Voices from ILAS program Participants

"It was not only a program offering different lectures, but also a cultural exchange platform which connects students from major universities. We exchanged ideas on different matters including cultural diversity, education systems, political events and so on, enjoying these thought-provoking moments. We exposed ourselves to Japanese culture and explored the ancient city of Kyoto together. After spending 12 days studying and living together, I established friendship along the beautiful Kamo river with peers from Taiwan, Hong Kong, Korea, Poland and Japan!"

(2017 Participant from Peking University)

"Kyoto University Summer Program has done something intangible, but very crucial for us: providing a chance for youths of different cultural backgrounds to gather around and talk about each country's matters. It is an opportunity that one can rarely meet in their lifetime. All these opportunities helped me to compare our culture with the others' and to critically examine mine as well."

(2017 Participant from Yonsei University)

"The program was a wonderful experience to understand Japanese culture and society better, get in touch with Asian students and to explore the city, as well as Kyoto University. Particularly the Japanese classes and the contacts with other like-minded students, might likely impact on my professional and academic future."

### Voices from KUASU Program Participants

このプログラムは日本研究の専門と繋がっているのみならず、目指している通訳者の仕事にも役に立つはずです。そして、京都大学の自由な雰囲気は印象的でした。今、京都大学で修士をとろうと思っています。今回は京都大学のサマープログラムに参加して、本当によかったです。必ず後輩にこのプログラムのことを伝えます。

This program is not only related to my major of Japanese Studies, but also should be helpful for my future career as an interpreter. Furthermore, I am so impressed with the free atmosphere of Kyoto University that I am considering taking a master's course at Kyoto University. It was very great for me to join this program. I will certainly talk about the program with my junior friends when I go back to my country.

(2018 Participant from National University of Singapore)

このプログラムで、たくさんの面白くて新しい経験をしました。一人で電車に乗ったこと、和菓子をつくったこと、ナベル社に行ったこと、琵琶湖の美味しい水深40メートルの水を飲んだこと。このプログラムに参加しないと体験できないと思います。帰国したら、誇らしげに、この珍しい体験について、友達に話したいです。

In this program, I had a lot of new and exciting experiences, such as making Japanese traditional sweets, visiting the Nabel, a local factory in Kyoto, and drinking the 40-meter-deep water of Lake Biwa. We can have such kind of experiences only in this program. When I go back to my country, I will proudly talk about my unique experience with my friends.
