

# The Online Summer Research Programme

## Key Details

### Teaching and Learning

We translate the intensive, individual Cambridge style of learning online.

In twice-weekly sessions, students will develop their own research project.

[Find out more.](#)

### Academic Support

Alongside their supervisor, students will have a designated Director of Studies to provide support and guidance.

Academic orientation at the start of the programme.

### Social Programme

Online networking opportunities and social events throughout the programme.

Culminating in a final event showcasing outstanding research projects.

### Contact Hours

We expect students to spend 42 hours/week working on the programme, including 8 hours of one-to-one supervision and a 1.5 hours 'Strategies for success in your online research' session.

### Assessment

Usually a 4000-6000 word dissertation, dependent on subject area.

Deadline: 8 August 2021

[More details here.](#)

### Credit

At the discretion of the home institution, but we anticipate the programme to be equivalent to 3-5 credits.

[More details here.](#)

### Applications

Are now open!

Familiarise yourself with the [application process here.](#)

Applications close:  
14 May 2021
